Specimen Podocarpus

To the Trade

We would appreciate any inquiries or visits from you this early Fall so that you may see the wide variety of plants which we have to offer plus unusual quality that would be attractive and profitable in your Fall sales.

We are somewhat limited in quantities of grafted Ligustrum, Palms and Pecans because of many painful reverses due to excessive rains. We have good quantities and quality in most everything listed herein.

We handle truck orders direct to your place by our trucks for a reasonable handling charge. Our drivers are experienced and helpful to you in this delivery.

Appreciating deeply the many nice orders which you have given to us in the past and inviting any of your inquiries this Fall, we are

Sincerely,

SOUTHERN STATES NURSERIES, INC.

Terms and Conditions

TERMS: We offer usual terms to those of known responsibility. Where the purchaser's credit responsibility is unknown to us, cash is required before shipping, or references must be furnished with proper time for investigation. On all C. O. D. shipments one-fourth cash must accompany your order.

PRICES: All prices listed are F. O. B. our nursery. Packing at cost. We will accept order 5 at the 10 rate, 50 at 100 rate, 500 at the 1000 rate. Prices listed herein are subject to change without notice, and are made for immediate acceptance. On reserve orders we require a twenty-five per cent deposit. A 5% discount allowed for cash.

SHIPPING: Customers are requested to give definite instructions. We ship by Rail Freight, Motor Freight, Express, Boat lines, and our Trucks.

CLAIMS: All claims must be made immediately upon receipt of stock. While we use every means of prompt service, we will not be responsible for delays in transit. Our responsibility ceases upon delivery in good condition to the transportation company.

SUBSTITUTIONS: We never make substitutions on orders unless instructed by the purchaser.

GUARANTEE: We guarantee our stock to be well grown, true to name, properly packed and shipped according to instructions. In no case shall our liability be more than the original invoice.

CAUTION: We accept all orders subject to crop conditions and on condition that same be void if such occurs beyond our control. If you do not find the stock you desire listed, write us and we will get it for you. Many times our quantities will not permit us to list items.

ROSES

All of our roses are budded on Multiflora Japonica root-stock, thrifty and real heavy for number one bushes. All varieties are old fashion ones, and adapted for the entire Southland.

We use two methods of propagating the Louis Phillippe variety — one for bare-root plants and one for balled plants. Please note prices on both.

LOUIS PHILLIPPE—The South's favorite. Ornamental and blooms early every month in year. Red throughout, fading to dark red in fall. A good grower and bloomer.

MADAM LOMBARD—This Rose is one of the great favorites of those who have Tea varieties. In the spring it is carmine-pink, shaded salmon, a little lighter in summer. In fall it is almost red, when it is in its glory. A rank grower and profuse bloomer over a long season that extends into cool weather.

CLIMBING LOUIS PHILLIPPE—Same as bush except climbing sport. Introduced by us about six years ago.

CLIMBING PAUL'S SCARLET—Brilliant scarlet, semi-double flowers in large, heavy clusters. A great favorite for fence and trellis design.

CLIMBING REINE MARIE HENRIETTE — CT. — Cherry-red; large, double, fragrant. Growth vigorous; profuse bloomer; repeats. per 10 per 100
Price\$ 7.50 \$ 60.00

CAN ROSES

CLIMBING PAUL'S SCARLET—An unfading vivid scarlet, sensational in spring and frequently repeats. Very popular.

Wire Balling

We strongly recommend the use of wire-balls on all larger size shade trees and ornamentals. This has proven to be a safeguard in the transplanting of large trees and shrubs without losing them. By wiring, we can enlarge the regular size ball that is firm.
